

THE COBALT JOURNEY

1

YOUR REFERRAL

Your doctor, physiotherapist or other medical professional will send a referral to Cobalt and our clinical team will assess your imaging needs.

2

YOUR BOOKING

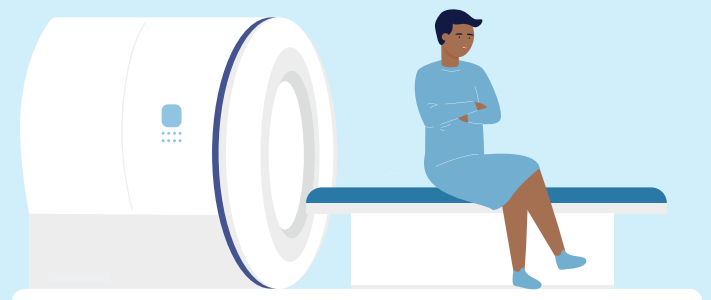

Our bookings team will then contact you to arrange a convenient time for your appointment. They will provide you with all the information you need to know prior to your scan.

3

YOUR APPOINTMENT

On arrival at Cobalt's Imaging centre, our reception team will welcome you and check you in. A member of our clinical team will greet you, run through your details with you and prepare you for your scan.

4

YOUR RESULTS

In most cases your scan images and results will be sent directly to your referrer, who will then discuss them with you, along with any recommended onward treatment at your next appointment.
