

Cobalt is pleased to bring you the latest, environmentally friendly way for you to access and share your medical images with doctors, specialists and others. You will be able to securely access copies of your scan images online, in your own home, through your Personal Radiology Portal. The link to access the web page is <https://myvue.cobalthealth.co.uk>

A screenshot of the MyVue sign-in page. It has a white background with a dark blue header that says "Sign In". Below the header are two input fields: "Email/User Name:" and "Password:". Each field has a question mark icon to its right and a small icon of a person with a speech bubble below it. Below the fields is a dark blue button with the text "Sign In" in white. Underneath the button are two links: "Forgot password" and "Change password".

On-demand Access To Your Results

Read your current and previous exam results and view your exam images through this online portal - even mobile.

Securely Manage Your Own Personal Record

You can manage your exams results online here, with options to print, save or burn your own CDs/DVDs.

Virtually Share for Your Care

You can share your data with whomever you wish, using secure, customisable capabilities through this portal.

Logging in to MyVue

- We will send you two emails, one with a link to the MyVue site and a second with a system generated password within 24 hours of your visit to Cobalt.
- You can reset your password to something more memorable the first time you log in to the system.
- If you have previously used our MyVue portal, you will already have a password, so you won't receive the second email with a new password – you can use **Forgot Password** to reset or email myvue@cobalthealth.co.uk
- If you do not receive an email from us within 2 days of your visit, please call us on **0800 1387201** and a member of our team will help you.

FAQs

If I need help, what can I do?	Call 0800 1387201 or email myvue@cobalthhealth.co.uk
Can I view my report on MyVue?	No, your report will be sent to the medical professional who referred you for your scan so that they can discuss results and any onward treatment with you
How will I know when my images are ready?	You will receive an email from myvue@cobalthhealth.co.uk
Which internet browsers can I use?	Edge, Internet Explorer, Google Chrome, Safari and Firefox
Can I view multiple images?	Yes, you can use the centre mouse wheel and forward and back arrows to view all of the images
Can I use an Apple Mac Computer?	Yes, although you won't be able to save the images to a Mac computer
Can I use a tablet or mobile phone?	Yes, although some features may operate slightly differently

Saving your images

Save your scan images locally to your **Downloads** folder as a ZIP file that contains DICOMDIR (medical image format) and JPEG files. You can then burn the files to a CD, USB or attach and send them by email. The images will be accessible to most hospitals and imaging centres.

Please note images will not save to mobile phones or Apple devices, only to computers using a Windows operating system.

Saving MR ABDOMEN - 26 March 2021
11:30

The Saving Process:

Prepare for download:
Your exam images are being collected now into a zip file prior to download.

Preparing exam file: 23%

Download:
A zip file will soon be downloaded to your computer.

When download is complete, you will be able to:
Burn the file onto a CD/DVD
Save the file to a portable memory device
Send the file by email
Use any other method to keep the file or pass it on
